GENERAL INFORMATION

Finalsite Mass Notification (ParentLink)

Finalsite (formerly Blackboard) Mass Notification is a messaging system that allows our school district to personally communicate with parents via phone, email text and/or push notification to the PCS app about emergency situations, school events, school closings and delays and important issues relative to your child's school or the entire district. It is important that your child's school has your accurate contact information so that your family does not miss any important announcements. By providing a phone number and/or an email address, you are consenting to PCS sending you communications at that number or address. If you wish to opt-out of receiving such communication, please follow the prompts at the end of the communication messages on how to unsubscribe.

Home Base Parent Portal

The Home Base Parent Portal gives parents and students access to real-time information including attendance, grades, and assignments. Home Base, powered by Pearson's PowerSchool application, helps keep everyone connected and informed about what is happening in the classroom. Students can keep up with assignments, parents can track their child's progress, and teachers can more easily share information about student progress with parents and students. Using a single log-in, families with multiple students have the ability to set up their accounts to view all of their students at one time. Contact your school's data manager for more information about the Home Base Parent Portal.

News Media Access & PCS Publications

During the school year students are likely to be recorded, videotaped, photographed, interviewed and/or quoted by various types of news media (i.e. radio, television and newspaper) or for PCS publications such as the school or district social media or website. If you do not wish for your child to be interviewed, recorded, videotaped or photographed, please notify the principal in writing expressing your child's restriction to news media and/or PCS online platforms or printed publications.

Prohibition Against Discrimination, Harassment and Bullying (Policy 1710/4021/7230)

The Board of Education is committed to promoting the worth and dignity of all individuals. It believes that all employees and students should be treated with respect and be free of unlawful discrimination, harassment or bullying for any reason, including on the basis of race, color, religion, national origin, sex, sexual orientation, pregnancy, age, or disability.

The Pitt County Schools Coordinator of Student Services is designated the Discrimination, Harassment and Bullying Coordinator. Students and/or their parents (or legal guardians) are encouraged to submit any complaints of discrimination, harassment, or bullying through the complaint process established in Policy 1720/4015/7225 (Discrimination, Harassment, and Bullying Complaint Procedures).

Student and Parent Grievances (Policy 1740/4010)

While the Board encourages informal resolutions to student and parent grievances, it recognizes that students and parents may want a more formal process for certain types of complaints or to follow if an informal process is not found to be satisfactory. Board Policy 1740/4010 outlines the grievance process to address situations in which a student or parent believes that a violation, misapplication, or misinterpretation of school board policy or of state or federal law or regulation has occurred.

The exception is of the appeals related to disciplinary actions under the *Code of Student Conduct* and other situations for which a specific appeal process has been identified by policy.

As the first step in the grievance process, students or parents should discuss the grievance with the most immediate and appropriate school official within ten (10) calendar days of the occurrence giving rise to the grievance.

Enrollment/Withdrawal

Enrollment of New Students:

When a student enters school without having previously been registered, the student and parent should make immediate contact with the principal/designee. Every effort will be made immediately to obtain the student's records from the previous school attended by the student.

Once the registration process has been completed, tentative placement will be made based upon the information available. Final placement will take place after the principal has had the opportunity to review the student's records.

Enrollment Requirements:

To enroll in any public school in Pitt County, students must meet the following criteria:

1. If under the age of 18, they must live with a parent or court ordered guardian or custodian domiciled within Pitt County unless emancipated by the courts.
2. If emancipated or age 18 through 20, they must be domiciled within Pitt County.
3. They must have not obtained a high school diploma.

When Students Transfer from Another School District:

1. The parent, guardian, or custodian must provide a notarized statement indicating whether the student is under suspension or expulsion from another school, or has been convicted of a felony.
2. The receiving school shall, within 30 days of enrolling students, obtain the student's records from the transferring school, including immunization records. If a student or parent provides a copy of the student's record, the receiving school shall, within 30 days, request written verification of the record.

Registration of Students Entering During the School Year:

When a student enters a school in Pitt County during the school year, every effort will be made to immediately obtain his or her records from the school last attended. In addition to the enrollment requirements above, the following steps will be used to register the student:

1. Conference with parent/guardian and student using total school records (including report cards and immunizations).
2. Conference and consultation by phone with the previous school as needed.
3. Follow-up conference and consultation with the parents and student, plus as needed any achievement and/or ability testing administered by the appropriate school personnel.

It shall be standard procedure for the student and his or her parent/guardian to receive a complete registration packet on the first visit to the school and to have ample opportunity to discuss the registration of the student with appropriate school personnel. Registration packets are also available online at www.pittschools.org.

Withdrawal from School

The procedure to be followed by the parent/guardian for withdrawing their student:

1. Inform the principal/designee of the last day the student will be at school and complete the student withdrawal form.
2. Inform the principal/designee of the new address of the student and the new school he/she will attend, if known.
3. Turn in library books and textbooks before leaving; pay any fees owed to school.

Optional Student Device Protection Plan Fee

At the beginning of each school year, Pitt County Schools assigns a Loaned Device to students to support both in-person and remote teaching and learning. Loaned Devices are Chromebooks or tablets. In addition to a Loaned Device, all students will be loaned a Charger, and some students will be loaned a Case. Loaned Devices, Cases (if applicable) and Chargers provided to students remain the property of Pitt County Schools and are provided to allow students to access digital tools, communicate with teachers and other learners, build college and career readiness, and receive a personalized educational experience.

Students and Parents/Guardians who utilize a Loaned Device are financially responsible for damage to and destruction/ loss of the Loaned Device, Case (if issued) and Charger. PCS offers an Optional Device Protection Plan at the cost of \$10 per year for K-5 students and \$20 per year for 6-12 students. With additional restrictions noted in Administrative Procedure 4600-P, Payment of the Optional Student Device Protection Plan Fee also allows students in grades 6-12 take their Loaned Devices home.

If the annual technology fee is not paid, the Student and Student's Parent/Guardian will be responsible for the full cost of all repairs to the device or replacement of the device which range from \$20-\$300 that may be incurred if a Loaned Device is damaged. More details regarding the Optional Student Device Protection Plan can be found in Administrative Procedure 4600-P. [Administrative Procedure 4600-P](#) is available online and in this handbook.

MEAL CHARGE POLICY (excerpt from Policy 6220)

Students who are required to pay for meals are expected to provide payment prior to or at the time of service. The board recognizes, however, that students occasionally may forget or lose their meal money. In the event that a student is unable to pay for a meal on a particular day, the student may charge a reimbursable meal. Students in Pre-K through 12th grade will be permitted to charge up to 7 breakfasts and 7 lunches. Individual food items cannot be charged by students or adults at any time. To safeguard the dignity and confidentiality of students in the serving line, reasonable efforts must be used whenever possible to avoid calling attention to a student's unpaid meal charges. The school nutrition director and principal shall work jointly to prevent meal charges from accumulating and shall make every effort to collect all funds due to the child nutrition program on a regular basis and before the end of the school year. Notices of low or negative balances in a child's meal account will be sent by each cafeteria manager to parents and the principal at regular intervals during the school year. If a parent regularly fails to provide meal money and does not qualify for free or reduced-price meal benefits, the cafeteria manager shall inform the principal, who shall determine the next course of action, which may include notifying the department of social services of suspected child neglect and/or taking legal steps to recover the unpaid meal charges. Parents are expected to pay all meal charges in full as they occur, but no later than the last day of each school year. Principals will be permitted to notify parents in writing that meal charges will not be allowed during the last two (2) weeks of school. Negative balances on student meal accounts will be carried forward to the following school year. However, the superintendent shall ensure that federal child nutrition funds are not used to offset the cost of unpaid meals and that the School Nutrition Program is reimbursed for bad debt resulting from uncollected student meal charges prior to September 30 each year. This policy and any applicable procedures regarding meal charges must be communicated to school administrators, school food service professionals, parents and students. Parents will receive the meal charges policy and any applicable procedures at the start of each school year in the Parent/Student Handbook and at any time their child transfers into the school district from another school district during the school year.

COMMUNITY ELIGIBILITY PROVISION SCHOOLS

The Healthy, Hunger Free Kids Act of 2010 (HHFKA) provides an alternative to household applications for free and reduced price meals in local educational agencies (LEAs) and schools in high poverty areas. This alternative is referred to as the Community Eligibility Provision (CEP). All students enrolled in CEP designated schools receive breakfast and lunch at no charge. Applications for Free or Reduced-price meal benefits are not collected at CEP schools.

FREE & REDUCED-PRICE MEAL APPLICATION

For students enrolled in all other Non-CEP schools, the **federal guidelines require a new application each year for households applying for free or reduced-price meal benefits** (*there are exceptions for students who are directly certified through the cooperation of the NC Department of Health & Human Services and the SNAP and Cash Assistance programs*). Although we will not be requesting payment for meals this school year due to USDA Waiver allowing SSO, you may still need the added benefits that may come from being approved for Free or Reduced Meals during the 2023-24 school year.

You may pick up an application at a school or from the School Nutrition Central Office at 1717 West 5th Street, Greenville, NC 27834 or go online to www.pittschools.org to download a form. Please complete only ONE application for your entire household. A complete set of instructions will be provided in the application packet.

Households may apply for meal benefits at any time during the school year. Letters of approval or denial of benefits will be mailed to the address in PowerSchool. The letters will have the names of the students that have been approved or denied for benefits. If you have students who are not on the letter, you must contact the School Nutrition Office so we can extend benefits to them. We do not know if we are missing any siblings unless the household informs us.

SPECIAL DIETARY NEEDS

School Nutrition Services strives to meet the daily nutritional needs of all students through the National School Breakfast, Lunch and After School Snack programs. If your child has a special dietary need/unique mealtime need (such as a severe food allergy, modified food texture or food intolerance), please review the important information below to ensure your child's needs are being met. *If your child is a vegetarian or has other food preferences such as a pork-free diet, School Nutrition Services can meet these needs with the variety of choices available at breakfast, lunch and snack. It is the policy of Pitt County Schools to substitute regular milk with lactose free milk for lactose intolerance and to substitute regular milk with soy milk for milk allergy.*

FOOD ALLERGIES (PEANUT, TREE NUT, MILK, EGGS, SOY, WHEAT, FISH, SHELLFISH)

If your child has a medically-documented disability according to the Americans with Disabilities Act (ADA)* that requires dietary modifications, a Medical Statement must be completed and submitted to School Nutrition Services. The Medical Statement includes Part A, Part B and Part C and must be completed by different parties.

Part A should be completed by the parent/guardian. Part A (page 1) of the Medical Statement includes all information needed from the parent/guardian and should be completed in its entirety.

Part B should only be completed by the Licensed Physician/Medical Authority. Part B (page 2) of the Medical Statement is required as documentation of the medical need and should be completed in its entirety and signed by the licensed physician.

Part C indicates the Medical Statement has been reviewed by School Nutrition Staff and UMN Team Coordinator. Completion of Part C indicates the form has been received by School Nutrition staff and UMN Coordinator reviewed for compliance, databases updated with current information and becomes the final copy once signed by designated staff. You may be contacted regarding any concern related to the Medical Statement that has been submitted. **Please note:**

- **If a Medical Statement from a licensed physician is not received by School Nutrition Services, the child's diet order cannot be processed and he/she may receive a regular meal.**
- **Part B of the Medical Statement must be completed by a Licensed Physician or Medical Authority (Physician's Assistant, Nurse Practitioner). Part B of the Medical Statement completed by parents/guardians will not be accepted.**
- **The current Medical Statement on file will be honored until a new Medical Statement is updated by the licensed physician and received by School Nutrition Services.**
- **School staff must follow the dietary orders on the current Medical Statement on file and cannot make dietary changes without an updated form from the licensed physician.**
- **Please return completed forms to your child's teacher or school nurse or the staff person who gave you this form.**

MEDICAL/HEALTH INFORMATION

The School Health Program provides registered nurses who coordinate health services to manage students' health needs during the school day. The school nurses serve as the link between the schools, parents and healthcare providers. Parents should notify school administration and/or the school nurse of any chronic health conditions, acute hospitalizations or any change in medical condition that may affect the student's academic success. If a health-related emergency occurs during the school day, it may be deemed necessary to call 911 to activate emergency medical services (EMS) for continuation of prompt medical care. The policies and procedures of Pitt County Schools must be adhered to when determining whether or not a student should be excluded from school due to a health-related condition or illness.

Student Physical Exams (Student Health Assessment) (Policy 4110)

Pursuant to NCGS 130A-440, all kindergarten children and all students entering the public schools in North Carolina for the first time, regardless of grade level, shall receive a health assessment made no more than 12 months prior to the date of school entry:

1. A completed health assessment form must be presented by the parent/guardian to the principal on or before the child's first day of attendance. This form is the blue Health Assessment Report form (PPS-2K) and is the only acceptable form.
2. A 30-calendar day grace period after school entry is allowed. A student who fails to meet this requirement will not be permitted to attend school until the required health assessment form has been presented. Such absences will not be considered as a suspension, and the student will be given an opportunity to make up work missed during the absence as required by law and stated in policy 4110
3. Within 60 calendar days after the commencement of the school year, principals are required to file health assessment status reports with the North Carolina Department of Health and Human Services (NCDHHS).
4. Religious exemptions from North Carolina Health Assessment requirements must be documented according to NCGS 130A-442.

Immunizations (Policy 4110)

No child shall attend a school (preK-12) unless a certificate of immunization indicating the child has received the required immunizations has been provided to the school.

North Carolina State Law requires the following minimum doses:

- 5 DTaP, DTP, or DT doses (if 4th dose is after 4th birthday, 5th dose is not required); DT requires medical exemption.
- 4 Polio Vaccine doses. The booster (4th) dose is required on or after the 4th birthday and before entering school for the first time.
- 1-4 Hib doses (children beyond their 5th birthday are not required to have any Hib vaccine).
- 3 Hep B doses (children are required to have 3 doses; 3rd dose on/after 6 months).
- 2 Measles doses (at least 28 days apart; 1st dose on/after 12 months of age).
- 2 Mumps dose (1st dose on/after 12 months of age).
- 1 Rubella dose (on/after 12 months of age).
- 2 Varicella doses administered at least 28 days apart or documentation of disease from a physician, nurse practitioner or physician's assistant verifying history of varicella disease. Documentation must include student's name, approximate date or age of infection and healthcare provider signature.

Students entering 7th grade or who have reached age 12

- 1 Booster dose of tetanus/diphtheria/pertussis (Tdap)
- 1 Meningococcal conjugate vaccine (MCV) doses.

Students entering 12th grade or who have reached age 17, whichever comes first.

- 1 Meningococcal conjugate vaccine (MCV) doses.

**Individuals who entered seventh grade before July 1, 2015 are not required to receive the first dose. The booster dose does not apply to individuals who entered the 12th grade before August 1, 2020.*

If documentation of the required immunizations is not presented on or before the first day of attendance, it is the duty of the school principal/designee to notify the parent/guardian of the deficiency. The parent/guardian shall have 30 calendar days from the first day of attendance to obtain the required immunization(s).

If the administration of the vaccine in a series of doses given at medically approved intervals requires a period in excess of 30 calendar days, additional days may be allowed to obtain the required immunizations upon certification by a physician.

The student will not be allowed to continue beyond the 30 calendar days or the extended period unless the required immunization(s) has/have been obtained.

Medical or religious exemptions from North Carolina immunization requirements must be documented according to NCGS § 130A-156 or NCGS § 130A-157. Documentation of any exemption must be on file at the school in the student's permanent record. Parents/guardian seeking an exemption should contact the Pitt County Health Department at (252) 902-2305.

Epinephrine Auto-Injector Devices (Epi-Pens) (Policy 6125)

In accordance with N.C.G.S. §§ 115C-375.1 and 375.2A, each school has designated trained school personnel authorized to use emergency epinephrine auto-injector devices to deliver emergency medical aid to any person suffering from an anaphylactic reaction during the school day or at a school-sponsored event on school property. At least two emergency epinephrine auto-injector devices are located at each school for this purpose.

Epinephrine auto-injector devices provided by the school are not intended, and cannot be used, as the sole supply for students known to have medical conditions requiring the availability of an epinephrine auto-injector device. Parents of students with known life threatening allergies and/or anaphylaxis should provide the school with written instructions from the student's health care provider for handling anaphylaxis and all necessary medications for implementing the student specific order in accordance with Policy 6125, Administration of Medication. If an epinephrine auto-injector is administered to a student while on school campus, 911 will be called to activate emergency medical services (EMS).

Communicable Diseases (Policy 4230)

In accordance with NCGS § 130A-136, school principals who have reason to suspect that a student or adult in the school has a communicable disease or condition shall report the information required to the local health director in the county in which the school is located. Confidentiality of such reports is protected by law and school principals making such reports in good faith shall be immune from liability.

A safe and secure environment shall be provided for all students and employees. Under certain circumstances, students with communicable diseases or conditions may pose a threat to the health and safety of others. Decisions regarding the educational status of students with communicable diseases will be made on a case-by-case basis in accordance with Policy 4230.

Reportable Diseases and Conditions

The diseases and conditions that are declared to be dangerous to the public health are reportable to the local health department within specific time periods after the disease or condition is reasonably suspected to exist. The local health director will advise the school of precautionary action(s) needed to prevent the spread of disease. Please visit http://epi.publichealth.nc.gov/cd/lhds/manuals/cd/reportable_diseases.html for a list of reportable diseases.

Non-Reportable Contagious Conditions

The following procedures are recommended for these non-reportable contagious conditions:

1. Varicella (*Chickenpox*): Student is excluded from school until all blisters have formed scabs.
2. Pediculosis (*Head Lice*): Student should be referred for treatment at the end of the school day. Until the end of the school day, avoid any activity that involves the student in head-to-head contact with other children or sharing of any headgear. Student can return to school when treatment is completed and proof of treatment (prescription or box top from over-the-counter treatment) is provided to the school.
3. Scabies: Student is excluded from school until one (1) treatment with prescription medication is completed (usually overnight).
4. Conjunctivitis (*Pink Eye*): Student does not need to be isolated from other students, and treatment is not required in order for the student to return to school. If a student is unable to participate in classroom activities or drainage cannot be contained, parents should be notified and consider sending the student home.
5. Impetigo: Student is considered contagious until treated with antibiotics for at least 24 hours or the crusting lesions are no longer present. If the student is at school when the lesions are discovered, direct contact with other students should be minimized to the extent possible for the rest of the day. The student should remain out of direct contact with other children if he or she has more than three to four sores until seen by a physician for evaluation and treatment. The student may return to school when topical, oral or other systemic antibiotics are started or if the sores can be covered and kept dry.
6. Streptococcal and Staphylococcal Infections: Student is excluded from school until treated with a prescription antibiotic for 24 hours.
7. Ringworm: For ringworm of the skin, parent/guardian must send the box top of the antifungal medicine with the child when he/she returns to school. For ringworm of the nails or scalp, parent/guardian must send a doctor's note to school verifying treatment. Students may return to school once treatment begins.
8. MRSA (*Methicillin-Resistant Staph Aureus*): Student should be referred to his/her healthcare provider and is excluded from school until antibiotic treatment is started or a doctor's note is provided stating that antibiotic treatment is not necessary. Lesion(s) must be covered with a bandage/dressing that is sealed (taped) on all four sides while at school.
9. Vomiting: Student should be excluded from school when vomiting occurs (2 or more times) in a 24 hour period, or when there is vomiting with a fever or the child looks or acts ill.
10. Diarrhea: If a student is unable to participate in classroom activities or has accompanying signs of illness such as fever or vomiting, then the parent should be notified. A student with frequent loose stools, especially if the child is unable to control those bowel movements, should be evaluated by a physician as the condition may lead to dehydration.
11. Fever: Student is excluded from school when the student is unable to participate in classroom activities and when temperature is above 101 degrees (F). Student may return to school when fever-free for 24 hours without the use of fever reducing medications.
12. Bed Bugs: See Pitt County Schools Bed Bug Protocol for the prevention of bed bug infestations in the school setting.

Administration of Medication (Policy 6125)

It is the policy of Pitt County Schools that medications should not be administered to a student during school hours or by school personnel unless the health of the student will be adversely affected. If a student is required to take medication during school hours and the parent cannot be at school to administer the medication, school personnel may administer medication with proper documentation from physician and parent.

Pitt County Schools defines medication to mean "any prescription or over-the-counter medication or supplement which a medical care source deems essential to be administered during school hours."

The intent of this policy is to encourage students to take required medications prior to school hours and to discourage students from bringing prescription and non-prescription medicines to school or administering such drugs to themselves without assistance of school officials. Neither Pitt County Schools nor any of its employees are responsible for the improper self-administration of prescription or nonprescription drugs at school.

Medication Procedures:

1. "Authorization for Medication" form will be completed by the physician and parent.
2. "Authorization for Medication" form may be obtained at the health care provider's office or the school's administrative office.
3. All medication administered (prescription and non-prescription) by school personnel must be presented in the original container.
4. If a student needs a non-prescription (over-the-counter) medication during school hours, an "Authorization for Medication" form must be provided to the school completed by a health care provider and the parent specifying the dosage, time and frequency of medication.
5. School personnel responsible for dispensing medication (prescription and non-prescription) shall document on the "Medication Log" or electronic health record.
6. Parents are responsible for informing the school principal of any serious changes in the child's health or any change in the medication to be administered. Changes in medication, including altered dosage and changes in time and frequency of administration, requires authorization from the prescribing physician on a new "Authorization for Medication" form.
7. All medications shall be transported to and from school by parent/guardian for elementary and middle school students. The only exception is that with prior documentation on the "Authorization for Medication" form, students who have permission to self-medicate may carry rescue medications; (Examples: asthma inhalers, insulin)
8. It is a privilege for students to be allowed to self-medicate during school hours. Abuse of this privilege will result in its revocation.
9. Under no circumstances will unauthorized over-the-counter medication be given to any student by any member of the school staff.
10. At the end of the year, "Authorization for Medication" forms and daily medication logs shall be filed in student's health folders.
11. At the end of each school year, schools will notify parents/guardians that medications should be picked up from school or they will be disposed of if they remain on school property after a designated date.

ACADEMIC/INSTRUCTIONAL INFORMATION

Report Cards

Report cards serve as a progress report to both parents and students grades K-12. Parents are asked to read report cards carefully, note teachers' comments, make any additional comments, sign and return the report card. If there are any concerns, parents are urged to request a conference with the teacher to discuss the student's performance.

Multi-Tiered System of Support (MTSS)

Pitt County Schools will ensure that every student is provided a rigorous and personalized education that prepares them for the ever-changing challenges of the 21st century. We do this through our commitment of implementing and sustaining a layered system of support, Multi-Tiered System of Support (MTSS), so that all students succeed academically, behaviorally, and emotionally. MTSS is a multi-tiered framework which promotes school improvement through engaging, research-based academic and behavioral practices.

We believe that all children have the capacity to grow and learn in an environment that fosters understanding and provides effective instruction tailored to meet the needs of each learner.

School-based teams use various points of student data and a structured problem solving model to improve learning outcomes for all students. Schools provide educational support to all students at increasing levels of intensity based on their individual needs. The goal is to prevent problems and intervene early so that all students can be successful. Pitt County Schools layer different types of support into three tiers:

- Tier One includes high-quality curriculum and instruction in the classroom that **all** children receive - Core Instruction.
- Tier Two includes additional targeted, supplemental instruction for small groups of students who need more support on a targeted skill.
- Tier Three includes intensive interventions that are customized to meet the individual needs of students.

For more information on the specific support available at your child's school, please contact your child's teacher or school counselor.

Early Graduation

For graduation prior to the end of the school year a student must:

- Meet the course and testing graduation requirements that were effective the year he/she entered ninth grade for the first time;
- Have support for early graduation from parents/guardians.

Procedures for Early Graduation:

- The parents/guardians of a student should request early graduation for the student by filing a written request with the school principal by the last day of June prior to the beginning of the fourth year of enrollment.
- The principal, with a committee of the local school staff, will consider the request and approve or deny early graduation on an individual case-by-case basis, subject to the criteria stated above.

Assignment to homerooms and registration at various grade levels depend on the number of courses passed. In some cases, the inability to schedule required courses during the first semester may prevent early graduation.

Students who graduate early will be allowed to participate in senior activities (prom, senior breakfast, awards ceremony, graduation practice, etc.) during the second semester, unless individual circumstances warrant a denial by the school principal. The student shall be responsible for securing information relative to senior activities and for related costs. The school will not send individual mailings.

In cases where the student completes all requirements for graduation at some time other than the end of second semester, the principal shall issue the student a signed statement indicating that all graduation requirements have been met and that an official diploma will be presented at the next regularly scheduled graduation exercise.

Examinations (Policy 3410)

HIGH SCHOOL FINAL EXAMS AND END-OF-COURSE TESTING

High school students must take the exam for any course in which the exam is a state requirement. Examples include the end-of-course (EOC) tests and Career and Technical Education State Assessments (CTE Post-Assessments). The results of EOC tests and CTE Post-Assessments will count a percentage of a student's final grade. This percentage will be determined and set forth in Board Policy 3410. This requirement does not apply to EOC tests for students following the Occupational Course of Study. Further, CTE students who earn a credential will not be required to take the CTE Post-Assessment in the course.

Course Offerings

A system of open enrollment through "parent-student informed choice" is used throughout Pitt County high schools. The following criteria are used to inform and counsel students and parents regarding selecting the appropriate level of course difficulty:

- Standardized achievement test scores
- Grades/Performance

More information and a detailed listing of available courses can be found in the *Pitt County Schools High School Registration Guide* at <https://sites.google.com/pitt.k12.nc.us/hsregguide/home>

Quality Points and Descriptions of Course Levels 9th-12th Grade

Students in high school will have the opportunity to enroll in several different academic pathways. Enrolling in the proper pathway should make it possible for students to work at their individual level of ability.

The following are the approved quality points for Pitt County Schools:

Standard Level Courses

If an A Equals 4 Quality Points:

	<u>GRADE</u>	<u>QUALITY POINTS</u>
A	100-90	4
B	89-80	3
C	79-70	2
D	69-60	1
F	59 and below	0

Honors Level Courses

If an A Equals 4.5 Quality Points:

	<u>GRADE</u>	<u>QUALITY POINTS</u>
A	100-90	4.5
B	89-80	3.5
C	79-70	2.5
D	69-60	1.5
F	59 and below	0

Advanced Placement and College Courses*

If an A Equals 5 Quality Points:

	<u>GRADE</u>	<u>QUALITY POINTS</u>
A	100-90	5
B	89-80	4
C	79-70	3
D	69-60	2
F	59 and below	0

The state weighting system adds the equivalent of one (1) quality point to the grade earned in community college courses included on the most recent Comprehensive Articulation Agreement Transfer List, and for courses taught at four-year universities and colleges. Please be advised **not all courses taught at the community college level earn 5 quality points.*

Students taking Advanced Placement courses in Pitt County Schools will be required to take the Advanced Placement exam. Participating universities may grant university credit and appropriate college-level placement to students who satisfy university requirements relative to AP exam scores.

Registration determines which courses are available in each high school on an annual basis. Registration in an Honors or Advanced Placement course is an academic commitment. It is very difficult to drop an Honors or Advanced Placement class and transfer to a standard section of the same course. Because Honors and Advanced Placement require additional work, the decision to enroll in them should be made with care. Standard sections of courses are geared to meet college requirements.

Administrative Procedure Governing Student Device Protection Plan Fee and Use of Loaned Devices

Pursuant to Pitt County Board of Education Policy 4600, the Board's approval of the optional K-5 and 6-12 Optional Device Protection Plan Fees, and Policy 4312-3225-7320, the Superintendent hereby adopts the following administrative procedure.

Rules Governing the Loan of Devices to Students

Pitt County Schools ("PCS") will loan a device to students to support both in-person and remote teaching and learning. Loaned Devices are Chromebooks and tablets and no other devices. In addition to a Loaned Device, all students will be loaned a Charger, and some students will be loaned a Case. Loaned Devices, Cases (if applicable) and Chargers provided to students remain the property of PCS and are provided to allow students to access digital tools, communicate with teachers and other learners, build college and career readiness, and receive a personalized educational experience.

A Loaned Device and the data files, email and Internet use of all device users is the property of PCS. No user of a Loaned Device has any right to privacy of any data saved on the device or any PCS network. PCS has the right to access, manage and inspect the content of any Loaned Device at any time and Students shall deliver Loaned Devices to PCS staff upon request. PCS has the right to geolocate Loaned Devices at any time. PCS reserves the right to delete, without notice, any material on Loaned Devices or online. Students do not have any right to retain an ownership interest in any material on Loaned Devices or online. Loaned Devices, Cases (if applicable) and Chargers must be returned immediately as requested by PCS or upon the Student transferring out or un-enrolling from PCS.

Students may be assigned the same Loaned Device for multiple school years and will need to be responsible for their Loaned Devices during that time. Near the conclusion of each academic year, Students will return their Loaned Devices, Cases (if applicable) and Chargers to their schools so that PCS may undertake necessary inventory, upgrades and maintenance over summer break.

PCS has set up each Loaned Device to be CIPA compliant. Students and their Parents/Guardians may not make any digital alterations to Loaned Devices or additions including, but not limited to, attachments, hardware or software.

Access to Loaned Devices and digital resources requires Students to maintain personal responsibility. PCS will not be responsible for any damages suffered by Students or any unauthorized users in connection with the use of Loaned Devices. Student and Student's Parent/Guardian will indemnify and hold harmless PCS and PCS personnel from any and all claims arising from the student's or parent/guardian's use, misuse or possession of the device including, but not limited to, any and all damages whatsoever of any kind or nature.

As a condition of borrowing a Loaned Device, Case (if applicable) and Charger from PCS, Student and Student's Parent/Guardian make a commitment to responsibly care for the Loaned Device, Case (if applicable) and Charger, and keep the Loaned items in good condition, practice good digital citizenship and make responsible decisions when using the Loaned items.

The use of technology provided by PCS, including Loaned Devices, Cases (if applicable) and Chargers, is a privilege, not a right, and unacceptable use may result in the cancellation of that privilege as well as disciplinary action and legal action.

Students shall:

1. Use technology provided by PCS, including but not limited to Loaned Devices, for educational purposes only and in full compliance with acceptable use as outlined in the PCS Code of Student Conduct and Pitt County Board of Education Policies 3220 (“Technology in the Educational Program”) and 3225/4312/7320 (“Technology Responsible Use”);

3. Practice good digital citizenship, make responsible decisions when using Loaned Devices and interact with others in a respectful and courteous manner when using the device;

5. Not share login information with others or use other people’s login information;
6. If taking a Loaned Device home, bring the Loaned Device to school each day fully charged;
7. Report theft, loss or damage of a Loaned Device or Charger to school personnel within 24 hours of the incident;
8. Report the theft of a Loaned Device to law enforcement;
9. Not physically alter a Loaned Device or Charger in any way, including, but not limited to, adding stickers, labels or removal of any district-issued Loaned Case, barcodes, serial numbers or other manufacturer/school labels;
10. Not expose a Loaned Device or Charger to food and drink or other damaging substances;
11. Not digitally alter a Loaned Device by removing, altering, changing or adding software/ apps to the Loaned Device;

c. Such ineligibility shall be immediate and shall prohibit participation in the NCHSAA sports program from the date of conviction or adjudication of delinquency through the end of the student's high school career. STUDENT BEHAVIOR AND CONDUCT

School Attendance (Policy 4400)

Under state law, all children between the ages of 7 (or younger if enrolled) and 16 shall be in school, except for those legitimate, lawful reasons for temporary non-attendance as set forth by the NC State Board of Education. The following is a list of the valid lawful reasons for temporary non-attendance of a child at school, provided satisfactory evidence of the absence is given to the appropriate school official.

Lawful Absences:

1. **Illness or Injury:** when the absence results from illness or injury which prevents the student from being physically able to attend school.
2. **Quarantine:** when isolation of the student is ordered by the local health officer or by the State Board of Health.
3. **Death in the Immediate Family:** when the absence results from the death of a member of the immediate family of the student. For purposes of this regulation, the immediate family of a student includes, but is not necessarily limited to grandparents, parents, brothers, and sisters.
4. **Medical or Dental Appointments:** when the absence results from a medical or dental appointment of a student.
5. **Court or Administrative Proceedings:** when the absence results from the attendance of a student at the proceedings of a court or an administrative tribunal if the child is a part of the action or under subpoena as a witness.
6. **Religious Observance:** a minimum of two days each academic year when the tenets of a religion to which a student or his parent/guardian adhere require or suggest a religious observance or event.
7. **Pregnancy:** pregnancy and related conditions or parenting when medically necessary.
8. **Military Visitation:** visitation with a parent/legal guardian, at the discretion of the superintendent or designee, if parent/legal guardian (a) is an active duty member of the uniformed services and (b) has been called to duty for, is on leave from.
9. **Educational Opportunity:** when it is demonstrated that the purpose of the absence is to take advantage of a valid educational opportunity, such as travel or service as a legislative or Governor's page. The principal's approval for such an absence must be gained prior to the absence.
10. **Post-Secondary Education:** with prior approval of principal, up to two days each academic year for a high school junior or senior to visit college campuses in order to qualify for scholarships, attend orientation sessions or determine whether to apply for admission.

When a student must miss school, a written excuse signed by a parent or guardian must be presented to the student's teacher on the day the student returns after an absence. Such documentation shall be kept on file. If there is any question regarding lawful absences, a person designated by the principal shall make contact with the parent or guardian of the child.

If a student is to be absent for medical or dental appointments, court or administrative proceedings, religious observances or educational opportunities, the parent shall, except in emergencies, file the excuse and the dates for absences with the principal ahead of the date that the student is to be absent

School-Sponsored Activities:

Attendance at school-sponsored activities such as field trips, athletic contests, student conventions and so forth, with approval of appropriate school authorities, are to be regarded as “being in attendance.”

Suspension:

A student shall be recorded present in school when participating in any disciplining techniques grouped under the term “in school suspension.” Absences resulting from out of school suspension shall not deny the student the opportunity to make up missed assignments or take quarterly, semester, or grading period examinations missed during the period of suspension (G.S. 115C 390.5).

Tardiness/Early Dismissal:

Attendance in school for the full time allotted for classes is essential for student success. Unexcused Tardies/Early Dismissals cost your child valuable educational instruction. Those also interrupt the learning process for other students. Additionally, punctuality is an important trait to reinforce at school. Students are expected to arrive at school and class on time and stay for the entire day of instruction.

Lawful Absences:

Lawful absences are still absences and are counted as such. However, student grades may not be lowered as a result of the lawful absences. Tests and work missed may be made up by the student within a reasonable period of time. A reasonable period will be determined at the school level.

Unlawful Absences:

Decisions concerning the lowering of a grade, making up work or taking a major test shall be left to the discretion of the principal in cases of unlawful absences.

Required Attendance for Students in Grades K-8

Students are required to be in attendance at least 160 school days to receive required credit. Any exception to this policy shall be ruled on by the principal.

Parents who are denied an exception may appeal the decision to the Board of Education. Requests for a board hearing must be received in the Superintendent’s office no later than the fifth business day after grades are reported.

Required Attendance for Students in Grades 9-12

High school students may be absent no more than ten (10) periods per course in order to receive credit. Both lawful and unlawful absences are counted in determining that attendance requirements for course credit have been met. Any exception to this policy shall be ruled on by the principal.

A high school student who is absent from a course for a total of eleven (11) or more periods (after all make-ups and waivers are applied) will fail that course. At the discretion of the principal, a high school student who is passing a course and has been absent from the course at least eleven (11), but no more than fifteen (15) periods, may be provided an opportunity to make up missed time. Each high school will provide sufficient make-up opportunities to allow a student to make up fifteen (15) class periods per semester, if the work is made up in a reasonable amount of time. A high school student who is passing a course and has missed eleven (11) or more periods of the course may appeal to the principal for a waiver of his or her lawful absences.

There will be no school-level appeal or option for students who are absent more than 15 periods in a course.

A. Medical Waivers

To provide some degree of system-wide uniformity and consistency, the following waiver considerations are recommended in grades 9-12:

- Necessary Medical Absences – with doctor’s note (*routine doctor/dental appointments should be scheduled outside the school day*)
- Hospitalization
- Homebound – served as determined by school level team

- Home recovery – doctor’s recommendation

Absences that are waived do not have to be made up.

B. Attendance Makeup Options

A student, who is passing a course and has amassed less than fifteen (15) absences in the course after waivers, if any have been granted, may appeal to the principal for a makeup ruling. The principal has the option to do any or all of the following:

1. Assign a student to after-school make-up and require one and a half (1.5) class periods to be made up for each class period missed. Example: missing a 90-minute class requires 135 minutes of make-up.
2. Assign a student to Saturday make-up and require one and a half (1.5) class periods to be made up for each class period missed. Example: missing a 90-minute class requires 135 minutes of make-up.
3. Assign a student to a teacher workday make-up and require one and a half (1.5) periods to be made up for each period missed. Example: missing a 90 minute class requires 135 minutes of make-up.

Note: Each high school shall provide sufficient make-up opportunities to allow the make-up of a maximum of fifteen (15) class periods per student per semester.

C. Board Appeals

Appeals concerning a principal’s denial of waivers or appeals concerning absences of more than fifteen (15) periods shall be made to the Pitt County Board of Education at the conclusion of the semester in which the absences occurred. Requests for a Board hearing must be received in the Superintendent’s office no later than the fifth (5th) business day after grades are reported.

Noncompliance with the General Compulsory Attendance Law (NCGS 115C-378):

The parent, guardian, or custodian of a student shall notify the school of the reason for each known absence of the student in accordance with the Pitt County Schools policy.

Whenever a student has accumulated three unlawful absences in a school year, the principal or his/her designee shall notify the parent, guardian, or custodian of the student's excessive absences. After not more than six unlawful absences, the principal or his/her designee shall notify the parent, guardian or custodian by mail that he/she may be in violation of the Compulsory Attendance Law and may be prosecuted if the absences cannot be justified under the established attendance policies of the State and of the Pitt County Schools. Following this notification, the counselor or school social worker shall work with the student and the family to eliminate the attendance problems and may request that a law enforcement officer accompany him/her on a home visit.

After ten accumulated unlawful absences in a school year, the principal shall review any report or investigation prepared under G.S. 115C-381 and shall confer with the student and his/her parent, guardian or custodian if possible to determine whether the parent, guardian or custodian has received notification pursuant to this section and made a good faith effort to comply with the law. If the parent, guardian or custodian has not made a good faith effort, the principal shall notify the District Attorney. If the principal determines that the parent, guardian or custodian has made a good faith effort, he/she may file a complaint with the juvenile intake counselor. Evidence showing that the parent, guardian or custodian of the student was notified of ten accumulated absences which cannot be justified by established policies of the Pitt County Schools shall constitute a prima facie case that the student's parent, guardian or custodian is responsible for the absences.

A waiver may be requested for a particular requirement for dress or appearance on an annual basis. In considering a waiver request, the principal or designee has the right to request additional documentation from medical officials and/or religious leaders.
2. Special Activity Accommodations
The principal shall make reasonable accommodations for students involved in special duties, activities or projects approved by the school. Such special duties, activities, and projects include, but are not be limited to, athletics, P.E. classes and other activities that require non-conforming dress on a school campus during the school day. Students who are taking classes that require a special dress code (such as JROTC or career and technical education internships) may wear that clothing to other classes.

D. ENFORCEMENT:

Each principal shall ensure that this policy is enforced consistently in their school. Before receiving disciplinary consequences, a student who is not in compliance with this policy will be given the opportunity within a reasonable period of time to change into acceptable clothing by using available clothes at school or by calling a parent to bring acceptable clothes. Disciplinary consequences for a student who fails to comply will be consistent with Section D of policy 4300, Student Behavior Policies. F. Students with Disabilities

Students with disabilities, like all other students, are subject to disciplinary action(s) pursuant to the written rules of state and local education agencies. However, school bus disciplinary or suspension action requires an IEP review when this service is being provided as a related service. A student with a disability may not be subjected to punitive action solely on the basis of the disability.

If the behavior is of danger to the driver and/or students, transportation may be interrupted. Such interruption should result in an emergency IEP meeting to determine the relationship of the behavior causing disciplinary action to the child's disability, and to determine alternative transportation services or methods.

Student Searches (Policy 4342)

Random Use of Metal Detectors/Drug Detection Dogs:

Board Policy 4342 authorizes general random searches from time to time using metal detectors and certified narcotics detection dogs for the purpose of maintaining a safe and orderly school environment and for upholding standards of conduct established by the Board or the school. This is notice that such searches may occur from time to time during the school year, with the prior approval of the Superintendent, as follows:

- School officials may utilize metal detectors from time to time at certain school entry points or in certain areas of the school to screen students and visitors and their belongings for weapons. This will be done in a minimally-intrusive and nondiscriminatory manner. A student's failure to permit such a check will be considered grounds for disciplinary action, including possible suspension.
- A certified narcotics detection dog and a qualified and authorized trainer may conduct from time to time a search for illegal or unauthorized substances, accompanied by the principal or other administrator. Areas likely to be inspected include student lockers, hallways, restrooms and other common areas. Student belongings, including backpacks and purses, may be inspected by the dog and trainer, but at no time will students be present where the inspection is taking place or come into contact with the narcotics detection dog.

Code of Student Conduct - Board Procedure 4300P

I. INTRODUCTION

A. Preamble

The mission of Pitt County Schools (PCS) is to lead collaboration between school, home and community to foster student growth and success, both socially and academically, in order to develop productive, global citizens. To help carry out this mission, PCS is committed to disciplinary practices that encourage the development of self-control, personal responsibility and respect for the dignity of all individuals and to maintaining fair, just, and effective discipline in order to establish a safe, positive learning environment where students have the opportunity to receive an appropriate public education. *For purposes of this Code, a student is any person attending or enrolled in any of the Pitt County Schools.*

In order for fair, just, and effective discipline to be maintained in a safe, positive learning environment, PCS acknowledges that cooperative relationships must be established among students, parents and school personnel. School personnel shall actively seek effective, positive methods and strategies to help each student learn to behave in a manner conducive to effective learning and that respects the rights of others.

Each school principal shall be responsible for systematically identifying potential issues within their respective schools that may contribute to discipline problems and working collaboratively with students, parents, staff and, when appropriate, community partners to address these issues. *For purposes of this Code, principal shall mean the principal or his/her designee (e.g. an assistant principal), and parent shall mean a student's parent(s), legal custodian(s) or legal guardian(s).*

B. Purpose and Overview

The purposes of this Code, are as follows:

- To set forth in one document, rules with respect to the conduct of students in the Pitt County Schools, as the Pitt County Board of Education deems proper and necessary for the positive governance and operation of the schools;
- To ensure students and their families are aware of the basic rules governing conduct are applicable to all Pitt County Schools and the consequences for violating these rules;
- To ensure students and their families are aware of due process rights available to students; and
- To guide school personnel in the exercise of their legal disciplinary responsibilities.

North Carolina law gives principals the authority to discipline students pursuant to this Code. Principals also have authority to make rules for the governance and operation of their respective schools consistent with this Code. *(For example, a principal might have rules related to what portion of their facilities students may access during school hours to ensure that students are not in unsecured areas of the school).* Additionally, teachers are authorized to make rules for the governance and operation of their respective classrooms that are consistent with this Code. Parents and students may request a copy of an individual school's rules, if the principal has adopted any, from the principal and a copy of classroom rules, if the teacher has adopted any, from the teacher.

Parents and students should be aware this Code governs disciplinary consequences at the school level and does not prevent or restrict the prosecution of students for violations of state or federal law. Parents and students should also be aware that principals are required by North Carolina law to report certain offenses to law enforcement.

II. WHEN THIS CODE APPLIES

This Code of Conduct applies to all students in the following circumstances:

- While in any school building or on any school premises before, during or after school hours;
- While on any bus or other vehicle as part of any school activity;
- While waiting at any school bus stop;
- During any school-sponsored or extracurricular activity;
- When subject to the authority of school employees; and/or
- At any place or time when the student's behavior has or is reasonably expected to have a direct or immediate impact on the orderly and efficient operation of the schools or the safety of individuals in the school environment.

III. WHAT CONSEQUENCES ARE IMPOSED FOR CODE OF CONDUCT VIOLATIONS

A. Alternatives to Out of School Suspension or Expulsion

Pitt County Schools recognizes the effectiveness of Positive Behavioral Intervention and Supports (PBIS) and other progressive, alternative disciplinary measures such as restorative practices that build positive relationships. These interventions can be used as alternatives to out of school suspension or expulsion or in conjunction with out of school suspension or expulsion, and are intended to educate students about the harm caused by their actions, while seeking to reunite them with the school community.

The following list contains some examples of in-school interventions, but is not intended to be an exhaustive list. The availability of specific interventions may vary from school to school:

- Teaching replacement behavior and coping strategies
- Assigning a reflective activity, project or essay related to the misbehavior
- Warning (verbal or written)
- Parental involvement/conferences
- Isolation or time-out for short periods of time with supervision (i.e. CHOICE, bounce, time-out, etc.)
- Behavior improvement contracts
- Conference (any combination of parent/student/school officials/counselors and teacher)
- Individual or small group sessions with the school counselor
- Exclusion from extracurricular activities
- Detention (lunch, before and/or after school)
- Restitution
- Confiscation of unauthorized items
- Mediation/conflict resolution
- Community service on school grounds with supervision (e.g., Project Equal)
- Online discipline modules focused on instruction of social-emotional skills (e.g., ABE)
- Bus suspension
- In-school suspension (ISS)
- A loss of privileges (e.g. student misconduct at after-school events and other school-sponsored extracurricular activities may lead to additional disciplinary action such as, but not limited to, being banned from extracurricular activities and events for the remainder of the school year)
- Referral to community based alternative program (e.g., Project Bridges).

B. Disciplinary Consequence Levels

Offenses in this Code are leveled to indicate the severity of the violation. The consequence levels described below provide a guide to teachers and administrators in using progressive interventions and responses to address inappropriate student behavior. As school officials are determining the appropriate consequence and intervention to apply when addressing student misbehavior, the following factors should be considered:

- Whether psychological or physical harm was caused to another person and the degree of such harm;
- Whether harm was caused to school property or to the property of another person and the degree of such harm;
- Whether the student expresses remorse for engaging in conduct in violation of this Code;
- The student's age; and/or
- Whether the student has previously engaged in conduct in violation of this Code and been disciplined for the conduct but continues to engage in the same conduct in spite of school interventions.

The following level of consequences and interventions are provided to ensure all students are treated with dignity and respect. School officials will apply appropriate measures to hold students accountable while also restoring safe and respectful behaviors.

		Offense Level	Disciplinary Consequences
S E V E R I T Y I N C R E A S E S ↓	Level 1	Level 1 rule violations are behaviors that do not significantly violate the rights of others and do not appear chronic.	Consequences for a Level 1 rule violation may include but are not limited to one or more in-school interventions that are designed to provide programs and/ or in-school options for students who are at-risk or commit minor infractions an infrequent basis (e.g. teaching a replacement behavior, assigning a project or essay related to misbehavior, etc.). These in-school interventions allow the student to attend school and not lose instructional time.
	Level 2	Level 2 offenses are behaviors that violate the rights of others or put others at risk of harm.	Consequences for a Level 2 rule violation may include Level 1 consequences increased in intensity or frequency. A Level 2 rule violation may also warrant in-school suspension and/or 1 to 5 days out of school suspension (OSS). An OSS will only be issued after non-exclusionary discipline alternatives have been carefully considered, tried, and documented to the extent reasonable and feasible. After non-exclusionary discipline alternatives have been exhausted, an OSS will only be issued if it is determined that exclusion through an OSS is necessary to protect the safety of the school community; and the full impact of the decision to exclude a student on both the student and the school community is considered and documented.
	Level 3	Level 3 rule violations are behaviors that significantly violate the rights of others or put others at risk of harm.	Consequences for a Level 3 rule violation may include Level 1 or 2 consequences increased in intensity or frequency. A Level 3 rule violation <i>may</i> also warrant in-school suspension and/or 1 to 7 days out of school suspension (OSS). Principals may recommend alternative placement or long-term suspension based upon the presence of any aggravating factors. Also, at the discretion of the Principal, criminal charges or a juvenile petition may be pursued.
	Level 4	Level 4 rule violations significantly compromise the safety and welfare of others.	Consequences for Level 4 rule violations warrant 1 to 10 days out of school suspension and may warrant a recommendation for alternative placement and/or long-term suspension. Also, at the discretion of the Principal, charges may be filed. <i>Project FIND should be offered as a consequence ONLY for first time offenders for substance/drug/alcohol possession and/or use.</i>
	Level 5	Level 5 offenses are behaviors that significantly compromise the safety and welfare of others and warrant a recommendation for long term suspension and/or require a suspension of a specific length under the North Carolina law.	Level 5 rules violations will result in a 10 day out of school suspension and a recommendation for long term suspension or expulsion. <i>However, pursuant to N.C.G.S. § 115C-390.11, students who are fourteen (14) years of age or older who engage in Level 5 rules violations and whose behavior indicates that their continued presence in school constitutes a clear threat to the safety of other students or school staff may be suspended for 365 days.</i>

HOW SCHOOL STAFF IMPOSE DISCIPLINE

A. **General Guidelines for Staff**

A school climate conducive to serious study and respect for oneself, other people and property is essential for a school to meet the needs of youth. Principals have the authority and responsibility to take whatever reasonable disciplinary and legal action is necessary to establish and maintain appropriate student behavior in accordance with Board policy.

- Teachers have the responsibility and authority for disciplining students, except in those cases requiring the attention of the principal.
- Principals should review the processes related to the imposition of discipline set forth in Subsections D and E below.
- Principals must fully investigate student discipline matters in accordance with [Pitt County Board of Education Policy 4340](#) (PDF) and consider the mitigating and aggravating factors in determining the disciplinary action warranted. For purposes of this Code, mitigating and aggravating factors include, (a) whether psychological or physical harm was caused to another person and the degree of such harm, (b) whether harm was caused to school property or to the property of another person and the degree of such harm, (c) whether the student expresses remorse for engaging in conduct in violation of this Code, (d) the student's age, (e) whether the student has previously engaged in conduct in violation of this Code and been disciplined for the conduct but continues to engage in the same conduct in spite of school interventions.
- If, in questioning a student, the principal determines that a law enforcement officer should carry out the questioning, the principal shall make a reasonable attempt to notify the parents (except in cases of suspected child abuse or neglect by the parent) to give them an opportunity to be present during questioning.
- In-school disciplinary actions must not unreasonably compromise the educational environment for others.
- Per [Pitt County Board of Education Policy 4353](#) the Board believes that suspension and expulsion may be an appropriate and necessary consequence in certain situations, but the Board also recognizes that excessive use of suspension and expulsion may have a negative impact on academic achievement and graduation rates. Thus, the Board encourages principals and other school administrators to find ways to reduce suspension and expulsion rates in schools.
- Principals may require a student to attend an after school detention program, such as Project Equal, for a stated period of time and purpose, provided the parent or guardian has received at least one day's notice and has assumed responsibility for the transportation home.
- The principal may recommend an alternative learning program for a student based on the totality of the circumstances.
- A student may be recommended for suspension from school long-term (more than 10 days) by the principal, in accordance with provisions of law and [Board Policy 4353](#). The superintendent shall review the circumstances for the recommended long-term suspension. Following the review, the superintendent may impose the suspension if it is consistent with board policies and appropriate under the circumstances; may impose another penalty authorized by board policy; or may decline to impose any other penalty
- The Board, upon the recommendation of the Superintendent, may expel a student, as provided by state statute, for a violation of the Code of Student Conduct, if the student is fourteen (14) years of age or older and the student's behavior indicates that his/her continued presence in school constitutes a clear threat to the safety of other students or school staff and the Board determines that there is no appropriate alternative education program.

Additionally, the Board may, pursuant to [N.C.G.S. § 115C-390.11](#) and [Pitt County Board of Education Policy 4260](#), expel any student who is a registered sex offender and subject to N.C.G.S. § 14-208.18.

- Principals are to use discretion in disciplining disabled students whose behaviors may be related to their disabilities, especially those with moderate to severe impairments. Refer to Subsections D and E below and the Section 504 Procedures Manual and the Exceptional Children’s Program’s “Guidelines for the Discipline of Students with Disabilities.”
- Principals shall report system-required data on each student suspended or expelled to the superintendent.

B. Mandatory Reportable Offenses

If principals have personal knowledge or actual notice from school personnel that certain acts have occurred on school property, principals are required by state law to immediately report the acts to law enforcement and the superintendent. Reportable acts, are as follows:

01. Assault resulting in serious personal injury;*
02. Assault involving use of a weapon;*
03. Assault on school officials, employees, and volunteers;
04. Making bomb threats or engaging in bomb hoaxes;
05. Willfully burning a school building;
06. Homicide;*
07. Kidnapping;
08. Unlawful, underage sales, purchase, provision, possession, or consumption of alcoholic beverages;
09. Possession of a controlled substance in violation of law;
10. Possession of a firearm;
11. Possession of a weapon;
12. Rape;*
13. Robbery with a dangerous weapon;*
14. Sexual assault (not involving rape or sexual offense);*
15. Sexual offense;* or
16. Taking indecent liberties with a minor.*

**Denotes offenses that are used by the North Carolina Department of Public Instruction in determining whether a school is persistently dangerous.*

C. Investigating Alleged Student Misconduct

1. **Pitt County Board of Education Policies 4340 and 4341:** Principals should refer to Pitt County Board of Education Policies 4340 and 4341 when investigating alleged student misconduct. Both policies may be accessed online at [Policy 4340](#) and [Policy 4341](#).
 2. **Investigative Process:** Where alleged student misbehavior is appropriately referred to the principal, the principal shall take the following steps:
 - (1) Investigate the facts and circumstances related to the alleged misbehavior;
 - (2) Offer the student an opportunity to be heard on the matter; and
 - (3) Determine whether a Pitt County Board of Education policy, school standard, school rule, or this Code has been violated.
- b) **Truthfulness Expected of Witnesses:** All employees and students, including students alleged to have engaged in misconduct, are expected to respond fully and truthfully to any questions or issues raised in the course of the investigation and any related proceedings.

- c) **Imposition of Disciplinary Consequences:** If the principal determines that a violation has occurred, the principal shall implement an appropriate consequence in accordance with the school’s plan for managing student behavior, the Code of Student Conduct, or applicable board policy. The principal has final authority regarding in-school discipline and short-term suspensions. Additional information regarding the imposition of suspensions, including short-term suspensions, and expulsions as disciplinary consequences is discussed in Parts B-D below.
- d) **Parental Notification:** Where the school’s student behavior management plan contemplates parental involvement in student discipline or requires parental notification, a student is to be suspended (short-term, long-term, or 365-day), a student is to be expelled, or the principal must report the matter to law enforcement, the principal shall notify the parents. Additionally, if in questioning a student, the principal determines that a law enforcement officer should carry out the questioning, the principal shall make a reasonable attempt to notify the parents (except in cases of suspected child abuse or neglect by the parent) to give them an opportunity to be present during questioning. All records of parental contact should be maintained in a student’s records and retained at least through the end of the school year.

D. Due Process and Student Rights in the Context of Short-Term Out of School Suspensions

- 1. **Pitt County Board of Education Policies 4351 and 4352:** Principals should refer to Pitt County Board of Education Policies 4351 and 4352 when contemplating short-term suspension. Both policies and other policies may be accessed online at [Policy 4351](#) and [Policy 4352](#).
- 2. **Definition of Short-Term Suspensions:** A short-term suspension is a disciplinary exclusion of a student from attending his or her assigned school for up to 10 school days. A short-term suspension does not include (1) the removal of a student from class by the classroom teacher, the principal, or authorized school personnel for the remainder of the subject period or for less than one-half of the school day, (2) the changing of a student’s location to another room or place on the school’s premises, or (3) a student’s absence under N.C.G.S. § 130A-440 (i.e. for failure to submit a school health assessment within 30 days of entering school). A student who is placed on short-term suspension will not be permitted to be on school property or to take part in any school function during the period of suspension without prior approval from the principal.
- 3. **When Short-Term Suspension Begins:**
 - a. *Removal During the School Day:* In accordance with Board Policy 4352, the principal may remove from school grounds a student who has been suspended during the school day, under the following circumstances:
 - i. The parent has been notified and is able to make arrangements for the student to leave school or agrees to the student’s using public transportation or driving himself or herself home;
 - ii. The parent has been notified and is available to receive the student, and the principal is able to arrange for transportation from the school to the home; or
 - iii. The principal involves law enforcement in the removal of the student from school grounds because such action is necessary to provide a safe, orderly school environment.
 - b. *Suspension to Begin on Subsequent School Day:* If none of the circumstances specified in subsection a) exist, the suspension will begin on the next school day.

4. **Pre-Suspension Rights of the Student:** Except in the circumstances described below, a student must be provided with an opportunity for an informal hearing with the principal before a short-term suspension is imposed. The principal may hold the hearing immediately after giving the student oral or written notice of the charges against him or her. At the informal hearing, the student has the right to be present, to be informed of the charges and the basis for the accusations against him or her, and to make statements in defense or mitigation of these charges. The principal may impose a short-term suspension without first providing the student with an opportunity for a hearing if the presence of the student (1) creates a direct and immediate threat of safety to other students or staff or (2) substantially disrupts or interferes with education of other students or the maintenance of discipline at the school. In such cases, the principal or designee shall give the student notice of the charges and an opportunity for an informal hearing as soon as practicable.
5. **Student Rights During the Suspension:** A student under a short-term suspension must be provided with (1) the opportunity to take textbooks home for the duration of the suspension; (2) upon request, all missed assignments and, to the extent practicable, the materials distributed to students in connection with such assignments, and (3) the opportunity to take any quarterly, semester or grading period examinations during the suspension period.
6. **Notice to Parent(s):** When imposing a short-term suspension, the principal shall provide the student's parent(s) with notice that includes the reason for the suspension and a description of the student's conduct upon which the suspension is based. The principal must give this notice by the end of the workday during which the suspension is imposed when reasonably possible, but in no event, more than two days after the suspension is imposed. If English is the second language of the parent, the notice must be provided in English and in the parent's primary language, when the appropriate foreign language resources are readily available. The initial notice may be by telephone, but it must be followed by timely written notice. The written notice must include all of the information listed above and may be sent by fax, e-mail or any other method reasonably designed to give actual notice. School officials also shall maintain a copy of the written notice in the student's educational record.
7. **No Right of Appeal:** The principal has the authority to determine when a short-term suspension is an appropriate consequence and to impose the suspension, so long as all relevant board policies and procedures are followed. In accordance with N.C.G.S. §§ 115C-390.6(e) and 115C-45(c)(1), a student is not entitled to appeal the principal's decision to impose a short-term suspension to either the superintendent or board unless the decision is appealable on some other basis.

E. Due Process and Student Rights in the Context of Long-Term Suspensions, 365-Day Suspensions, and Expulsion

1. **Applicable Board Policies:** Principals should refer to Pitt County Board of Education Policies 4353 and 4370 when contemplating long-term suspensions, 365-day suspensions, and expulsions. Both policies and other policies referenced in this subsection may be accessed online at [Policy 4353](#) and [Policy 4370](#).
2. **Definitions**
 - a. *Long-Term Suspension:* A long-term suspension is the disciplinary exclusion of a student from attending his or her assigned school for more than 10 school days. Neither (1) a disciplinary reassignment of a student to a full-time educational program that meets the academic requirements of the standard course of study established by the State Board of Education and that provides the student with the opportunity to make timely progress toward graduation and grade promotion nor (2) an absence under G.S. 130A-440 (for failure to submit a school health assessment form within 30 days of entering school) is a long-term suspension requiring the due process procedures set out in this policy.

Upon the recommendation of the principal, the superintendent may impose a long-term suspension on a student who willfully engages in a serious violation of this Code and the violation either (1) threatens the safety of students, staff, or school visitors or (2) threatens to substantially disrupt the educational environment. The principal may recommend long-term suspension for a minor violation if aggravating circumstances justify treating the student's behavior as a serious violation.

If the offense leading to the long-term suspension occurred before the final quarter of the school year, the exclusion must be no longer than the remainder of the school year in which the offense was committed. If the offense leading to the long-term suspension occurred during the final quarter of the school year, the exclusion may include a period up to the remainder of the school year in which the offense was committed and the first semester of the following school year.

- b. *365-Day Suspension*: A 365-day suspension is the disciplinary exclusion of a student from attending his or her assigned school for 365 calendar days. The superintendent may impose a 365-day suspension only for certain firearm and destructive device violations, as identified in Pitt County Board of Education Policy 4333 (Weapons, Bomb Threats, Terrorist Threats, and Clear Threats to Safety).
- c. *Expulsion*: An expulsion is the indefinite exclusion of a student from school enrollment for disciplinary purposes. Upon the recommendation of the superintendent, the board may expel a student who is 14 years of age or older for certain types of misbehavior as provided in Pitt County Board of Education Policies 4325 (Drugs and Alcohol), 4330 (Theft, Trespass, and Damage to Property), 4331 (Assaults, Threats, and Harassment), and 4333 (Weapons, Bomb Threats, Terrorist Threats, and Clear Threats to Safety), if the student's continued presence in school constitutes a clear threat to the safety of other students or employees. Additionally, a student who is subject to Pitt County Board of Education Policy 4260 (Student Sex Offenders) may be expelled if the student's continued presence in school constitutes a clear threat to the safety of other students or employees. During the expulsion, the student is not entitled to be present on educational property and is not considered a student of the school system.

3. Determination of Appropriate Consequence

- a. *Principal's Recommendation*: The principal may impose a short-term suspension or any other consequence that is consistent with Pitt County Board of Education Policy 4351 (Short-Term Suspension), the school's plan for management of student behavior, and this Code. If the principal determines that a suspension of more than 10 days (either long-term or 365-day) or an expulsion is an appropriate consequence, the principal shall propose the disciplinary penalty based upon a review of the student's culpability and dangerousness and the harm caused by the student, plus any other mitigating or aggravating factors the principal finds relevant.
 - i. Culpability of Student - in assessing the culpability of the student for his or her behavior, the principal may consider criteria such as:
 - a) The student's age;
 - b) The student's ability to form the intent to cause the harm that occurred or could have occurred; and
 - c) Evidence of the student's intent when engaging in the conduct.
 - ii. Dangerousness of the Student - in assessing the dangerousness of the student, the principal may consider criteria such as:
 - a) The student's disciplinary or criminal record related to antisocial behavior or drugs and alcohol;
 - b) Whether a weapon was involved in the incident and, if a weapon was involved, whether the student had the ability to inflict serious injury or death with the weapon;
 - c) Evidence of the student's ability to cause the harm that was intended or that occurred; and
 - d) Whether the student is subject to Pitt County Board of Education Policy 4260 (Student Sex Offenders).
 - iii. Harm Caused by the Student - in assessing the severity of the harm caused by the student, the principal may consider criteria such as whether any of the following occurred:
 - a) Someone was physically injured or killed;
 - b) Someone was directly threatened or property was extorted through the use of some weapon;
 - c) Someone was directly harmed, either emotionally or psychologically;
 - d) Educational property or others' personal property was damaged; or
 - e) Students, school employees or parents were aware of the presence of a weapon or of dangerous behavior on the part of the perpetrator.

After considering the above factors, the principal shall make a recommendation to the superintendent, stating the nature of the offense, the substance of the evidence involved and the length of the suspension recommended. The principal also must consider and make a recommendation as to whether any alternative education services, counseling or other programs should be part of the consequence for violating board policy, the Code of Student Conduct, school standards, or school rules.

If the principal recommends a 365-day suspension, he or she must identify the type of firearm or destructive device involved and the evidence substantiating that the student brought it to the school grounds or to a school activity or possessed it on school grounds or at a school activity.

If the principal recommends an expulsion, he or she shall identify the basis for determining that there is clear and convincing evidence that the student's continued presence in school constitutes a clear threat to the safety of other students or employees.

- b. *Notice to the Student's Parent:* The principal must provide, to the student's parent, written notice of the recommendation for a long-term suspension, a 365-day suspension or expulsion by the end of the workday during which the long-term suspension or expulsion is recommended when reasonably possible or as soon thereafter as practicable. The notice must contain the following ten elements:
- i. The notice type (i.e. notice of long-term suspension, 365-day suspension or expulsion);*
 - ii. A description of the incident and the student's conduct that led to the recommendation;
 - iii. The specific provision(s) of the Code of Student Conduct that the student allegedly violated;
 - iv. The specific process by which the parent may request a hearing to contest the decision and the deadline for making the request;*
 - v. The process by which the hearing will be held, including all due process rights to be accorded the student during the hearing;
 - vi. Notice of the right to retain an attorney to represent the student in the hearing process and of the requirement that the principal be advised in advance of the decision to have an attorney present so that the school attorney may be in attendance as well;
 - vii. Notice that an advocate, instead of an attorney, may accompany the student to assist in the presentation of the appeal;
 - viii. Notice of the right to review and obtain copies of the student's educational records prior to the hearing;
 - ix. A reference to Policy 4345, Student Discipline Records, regarding the expungement of disciplinary records; and
 - x. The identity and phone number of a school employee whom the parent may call to obtain assistance in receiving a translation of the English language information included in the document.

**The asterisk denotes information that must be provided on the notice in both English and Spanish. Principals should be advised that it may be necessary to provide additional translations if the student's parents speak a language other than English or Spanish.*

- c. *Superintendent's Decision:* Within three days of receiving notice from the principal of the recommendation for long-term suspension, 365-day suspension or expulsion, the student or student's parent may request an administrative hearing. A decision will be rendered before the long-term suspension is imposed.

If the student or parent makes a timely request for a hearing, the superintendent shall confirm that the charges against the student, if substantiated, could warrant the recommended disciplinary action and immediately refer the matter to the hearing officer who shall give the student and parent and the principal reasonable notice of the time and place of the hearing. It is suggested that a hearing be held within five school days of the principal making the recommendation and in no event later than 10 school days.

If neither the student nor the parent appears for a scheduled hearing after being given reasonable notice of the time and place of the hearing, the student and parent are deemed to have waived the right to a hearing.

If the student and parent fail to make a timely request for a hearing or if they waive the right to a hearing by failing to appear for a duly scheduled hearing, the superintendent shall review the circumstances of the recommended long-term suspension. Following this review, the superintendent (1) may impose the long-term or 365-day suspension if it is consistent with board policies and appropriate under the circumstances, (2) may impose another appropriate penalty authorized by board policy, or (3) may decline to impose any penalty.

If the student or parent requests a postponement of the hearing, or if the request for the hearing is untimely, the hearing will be scheduled, but the student does not have the right to return to school pending the hearing.

Any hearing held will follow the procedures outlined in Section A of Pitt County Board of Education Policy 4370 (Student Discipline Hearing Procedures). The hearing officer shall determine the relevant facts and credibility of witnesses based on substantial evidence presented at the hearing. The superintendent shall adopt the hearing officer's factual determinations unless they are not supported by substantial evidence in the record and decide whether to uphold, modify or reject the principal's recommendation. The superintendent shall immediately inform the principal of the decision regarding the recommended disciplinary penalty of a long-term or 365-day suspension and any modifications to the penalty recommended by the principal.

The superintendent shall send notice of the decision via certified mail to the student and parent. This notice must include:

- (a) The basis of the decision with reference to any policies or rules that the student violated;
- (b) Notice of what information will be included in the student's official record pursuant to N.C.G.S. § 115C-402;
- (c) Notice of the student's right to appeal the decision and the procedures for such appeal;
- (d) If the decision is to suspend the student for 365 days, notice of the student's right to petition the board for readmission under N.C.G.S. § 115C-390.12;
- (e) If applicable, notice that the superintendent or designee is recommending to the Board that the student be expelled and any required notifications related to the expulsion if the student did not already receive such notice from the principal;
- (f) If the student is to be suspended, notice of the superintendent or designee's decision on whether to offer alternative education services to the student during the period of suspension, and, as applicable, a description of the services to be offered or the reason justifying the superintendent or designee's decision to deny such services.

Following issuance of the decision, the superintendent shall implement the decision by authorizing the student's return to school upon the completion of any short-term suspension or by imposing the suspension reflected in the decision.

The superintendent shall offer alternative education services to any student who receives a long-term or 365-day suspension unless the superintendent provides a significant or important reason for declining to offer such services. Alternative education services are part-time or full-time programs that provide direct or computer-based instruction to allow the student to progress in one or more core academic courses. Such services may include programs described in Policy 3470/4305 (Alternative Learning Programs/Schools).

The student may appeal, to the board, the superintendent's decision not to provide alternative education services, as permitted by G.S. 115C-45(c)(2). Any appeal to the board must be made in writing within five days of receiving the superintendent's decision. The superintendent shall inform the board chairperson of the request for an appeal and arrange in a timely manner a hearing before the board. In advance of the hearing, the superintendent shall provide to the student and parent, and to the board, a written explanation for the denial of services along with any documents or other information supporting the decision. The hearing will be conducted pursuant to Policy 2500, Hearings Before the Board. The board will provide to the student and parent, and to the superintendent, written notice of its decision within 30 days of receiving the appeal.

If the superintendent determines that expulsion is appropriate, the superintendent shall submit to the board a recommendation and the basis for the recommendation along with any proposal for alternative education services.

d. *Hearings Before the Board*

- i. Long-Term or 365-Day Suspensions: A student or his or her parent may appeal an imposed long-term or 365-day suspension. The student or parent must appeal to the board in writing within three days of receiving the superintendent's decision. The superintendent shall inform the board chairperson of the request for an appeal and shall arrange a hearing before the board within 10 days of the request. The suspension need not be postponed pending the outcome of the appeal. The hearing will be conducted pursuant to Section B of Policy 4370, Student Discipline Hearing Procedures. The board will provide to the student and parent and to the superintendent written notice of its decision not more than 30 calendar days after receiving the appeal.
- ii. Expulsions: The student or parent may request a hearing within five days of receiving notice of the superintendent's recommendation that the student be expelled. The hearing will be scheduled with the board within 10 days of the superintendent's receipt of the hearing request. The superintendent shall notify the student and parent of the date, time and place of the hearing. Any appeal of a long-term or 365-day suspension will be addressed in the same hearing. The hearing will be conducted pursuant to Section B of Policy 4370.

If a hearing is not requested by the student or parent, the superintendent shall submit written evidence to support his or her recommendation to the board. The board may elect to request a hearing or to request additional records and documents.

When the board decides to expel a student, the board will document the basis for its determination that there is clear and convincing evidence that the student's behavior indicates that the student's continued presence in school constitutes a clear threat to the safety of other students or employees. The board also will consider and make a written determination of whether alternative education services are to be provided to the expelled student. Regardless of whether the school system provides alternative education services, the board expects school system administrators to work with other agencies to help the student and parent identify other types of services that may be of assistance to the student.

- iii. The board will send via certified mail to the student's parent a copy of the decision, notification of what information will be included in the student's official record, the procedure for expungement of this information under N.C.G.S. § 115C-402, and notice of the right to petition for readmission pursuant to N.C.G.S. § 115C-390.12.

4. Educational Services for Students with Disabilities During Long-Term Suspension, 365-Day Suspension or Expulsion: Students with disabilities recognized by the Individuals with Disabilities Education Act will receive educational services during periods of suspension or expulsion to the extent required by *Policies Governing Services for Children with Disabilities* and state and federal law.

5. Long-Term Suspensions or Expulsions and School Records

- a. Pursuant to N.C.G.S. § 115C-402(b), any student who has been suspended for a period of more than ten (10) days or has been expelled following the procedures set forth above, shall have notice of said suspension or expulsion and the conduct for which the action was taken placed upon his or her school record.

- b. Said notice shall be removed from the record of the student if (a) the student or parent requests the removal, (b) the student either graduates from high school or is not expelled or suspended again for a period of two years after his or her return to school, (c) the superintendent or superintendent's designee determines that maintenance of the record is no longer needed to maintain safe and orderly schools, and (d) the superintendent or superintendent's designee determines that maintenance of the record is no longer needed to adequately serve the child.
- c. Notwithstanding number two above, a superintendent or superintendent's designee may remove notice of suspension or expulsion from a student's official record without a request from the student or parent if all the other above criteria are met.

6. Requests for Readmission of Students Suspended for 365-Days or Expelled

- a. *Requests by Students Suspended for 365 Days:* A student who is serving a 365-day suspension may submit a request to the superintendent for readmission any time after the 180th calendar day of his or her suspension. Upon receipt of the request, the superintendent or designee shall offer the student an opportunity for an in-person meeting to be held within five days. The student may provide documents in support of the request, such as signed statements from individuals knowledgeable about the student or documents verifying that the student is participating in or has completed counseling or rehabilitation programs. If the student demonstrates to the satisfaction of the superintendent or designee that the student's presence in school no longer constitutes a threat to the safety of other students or employees, the superintendent must readmit the student.

Within 30 days of the student's request, the superintendent or designee shall provide written notice of his or her decision to the student, the student's parents, and the board. If the superintendent or designee decides to readmit the student, the notice will include the date of readmission, the school or program to which the student will be assigned, and any reasonable restrictions placed on the readmission. If the superintendent or designee rejects the request for readmission, the notice will advise the parents of the right to appeal the decision to the board. Any appeal to the board must be made in writing within five days of receipt of the superintendent or designee's decision. The superintendent or designee shall inform the board chairperson of the request for an appeal and arrange in a timely manner a hearing before the board.

The hearing will be conducted in accordance with Policy 2500, Hearings Before the Board. The board will provide to the student, the student's parent, and the superintendent or designee written notice of its decision within 30 days of receiving the appeal of the superintendent or designee's decision. If the request for readmission is denied, no subsequent requests from that student will be considered during that 365-day suspension.

- b. *Requests by Expelled Students:* A student who has been expelled may submit a request to the board for readmission any time after 180 calendar days from the start date of the student's expulsion. The board chairperson immediately will forward the request to the superintendent, who shall arrange in a timely manner a hearing before the board. The hearing will be conducted in accordance with Policy 2500. After considering the student's request and the superintendent or designee's recommendation regarding readmission, if the board determines that the student has satisfactorily demonstrated that his or her presence in school no longer constitutes a clear threat to the safety of other students or employees, the board will readmit the student. The board will notify the student, the student's parents, and the superintendent in writing of its decision within 30 days of the submission of the request for readmission.

If the board decides to readmit the student, the notice will include the date of readmission, the school or program to which the student will be assigned, and any reasonable restrictions placed on the readmission. If the student was expelled as a result of assaulting or injuring a teacher, the student will not be returned to that teacher's classroom following readmission without the teacher's consent.

If the expelled student's request for readmission is denied, the board will not consider a subsequent request for readmission of that student until six months after the submission of the previous request.

F. Disciplinary Policies Pertaining to Suspension for Students who have Individualized Education Plans (IEPs) or Section 504 Plans

1. Definitions

- a. *Child With a Disability*: Unless otherwise stated, a “child with a disability” as used in this section refers to both a child identified as disabled in accordance with the Individuals with Disabilities Education Act (IDEA) and a child found eligible for services under Section 504 of the Rehabilitation Act of 1973 (Section 504).
- b. *Suspension*: “Suspension” refers to out-of-school suspension. However, if a child with a disability serving an in-school suspension fails to receive the special education and related services as indicated in the child’s IEP or 504 Plan during the term of in-school suspension, the in-school suspension shall be treated as an out-of-school suspension for purposes of this policy.

2. Out of School Suspensions Up to Ten (10) Days in a School Year (Short-Term Suspensions): A child with a disability may be subject to out-of-school suspension for up to 10 cumulative school days in a school year, and the same disciplinary rules and procedures shall be followed as for non-disabled children. There is no requirement that the team (IEP OR 504) conduct a manifestation determination review (MDR) at this time, nor is there a requirement that the child receive any educational services beyond what the district may choose to offer to non-disabled students.

3. Out-of-School Suspensions Greater than Ten (10) Cumulative School Days in a School Year, Long-Term Suspensions and Expulsions: If a child with a disability is subject to a series of short-term suspensions that exceeds ten (10) cumulative school days, is recommended for alternative placement, long-term suspension, or is recommended for expulsion, the school shall immediately, if possible, but not later than 10 school days after the decision to take such disciplinary action, require the IEP team to meet to complete a Manifestation Determination Review (MDR).

- a. If manifestation is not found, the child may be suspended pursuant to the same disciplinary rules and procedures followed for non-disabled children. The IEP team must determine what would be the appropriate services for the child to receive during the term of his suspension, in order to enable the child to continue to participate in the general education curriculum and to progress toward meeting the annual goals in the child’s IEP. The IEP team must also determine what would be the appropriate services for the child in the event there is a subsequent disciplinary reassignment by the Superintendent or designee. These services must enable the child to continue to participate in the general education curriculum and to progress toward meeting the annual goals of the child’s IEP.
- b. If manifestation is found, the child’s placement is not to be changed and the child must return to his or her current placement immediately. The child shall not be “administratively reassigned” to an alternative school if a manifestation has been determined to exist. In addition, when manifestation is found, the IEP team must ensure a Functional Behavioral Assessment is completed (if one has not already been completed during the current school year) and develop a Behavior Intervention Plan; if there is an existing Behavior Intervention Plan, the team may elect to review and revise that Plan in lieu of developing a new one, if appropriate.
- c. Regardless of the team’s decision regarding manifestation, the district must offer educational services to any child with a disability under the IDEA who has been subject to out-of-school suspensions beyond ten (10) cumulative days in the school year. These services shall be designed to enable the child to continue to participate in the general education curriculum and to progress toward meeting the annual goals of the child’s IEP. If these services are offered prior to the manifestation determination meeting described above, the IEP team at the MDR meeting shall review, as appropriate, the services offered and determine if any additional services are warranted.

- 4. Special Circumstances for Interim 45-Day Placement for Violation of the Code of Conduct Involving Weapons, Drugs, or Serious Bodily Injury:** In special circumstances, a student with a disability under the IDEA may be removed from his or her current placement and assigned to an Interim Alternative Educational Setting (IAES) for up to forty-five (45) school days for Code of Conduct violations involving a weapon, drugs, or serious bodily injury. A manifestation determination review must be held but the student can be removed for up to 45 days in an IAES. See criteria below for legal definitions of the special circumstances.
- a. *Criteria for IAES Eligibility:* The Principal, with prior approval from the Director of the Exceptional Children's Department, shall make the determination as to whether to implement an Interim Alternative Educational Placement (IAES), and shall determine the length of removal to the IAES, provided it does not exceed forty-five school days. Such a placement may be implemented only in the following circumstances:
 - i. The student carries or possesses a weapon at school, on school premises or to or at a school function under the jurisdiction of Pitt County Schools. For purposes of this provision only, a weapon is defined as "a device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such a term does not include a pocket knife with a blade of less than 2.5 inches in length."
 - ii. The student knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises or at a school function under the jurisdiction of PCS.
 - iii. The student has inflicted serious bodily injury upon another person while at school, on school premises or at a school function under the jurisdiction of PCS. For purposes of this provision only, serious bodily injury is an injury that involves a substantial risk of death; extreme physical pain; a protracted and obvious disfigurement; or a protracted loss or impairment of the function of a bodily member, organ or mental faculty.
 - b. *Emergency 45-Day Interim Alternative Placement of Dangerous Student:* In an emergency situation, where maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the school district may seek a judicial order from a court or hearing officer for a change in the child's placement to an appropriate IAES for not more than 45 days, as provided by law.
- 5. Parental Notice of Rights:** In all actions involving suspension for more than 10 days of a child identified and served under the IDEA, the school shall notify the child's parent/guardian, not later than the day on which the decision to take disciplinary action is made, of the disciplinary action and of all due process rights available to the parent/guardian pursuant to N.C.G.S. § 115C-109.1-109.9 and 20 U.S.C. § 1415.

In all actions involving suspension for more than 10 days of a child identified and served under Section 504, the parent/guardian shall have available all the rights under Section 504 of the Rehabilitation Act of 1973. The parent/guardian shall be notified of the action and of their rights as soon as practicable under the circumstances.

- 6. Consideration of Student Records by Decision-Maker:** Whenever the school initiates disciplinary procedures applicable to a child with a disability, it shall provide a copy of the child's special education and disciplinary records for consideration by the individual(s) making the final determination regarding the disciplinary action.
- 7. Students Not Yet Determined Eligible for Special Education:** If a child who has not been determined to be eligible for special education services under the IDEA commits a violation of school rules that would result in suspension or expulsion from school, the school may not exclude the child from school to the same extent that it would exclude a nondisabled child for the same offense, if the school had knowledge that the child was disabled before the violation occurred. A school is deemed to have knowledge of a child's disability if:

- a. The parent/guardian has expressed a concern in writing to school officials that the child is in need of special education;
- b. The parent/guardian has requested an evaluation to consider eligibility for special education;
- c. The child's teacher or other school staff have expressed concern about a pattern of behavior by the student to the EC Director or other supervisory personnel; or
- d. Prior to the behavior that precipitated the disciplinary action, the behavior and performance of the child clearly and convincingly established the need for special education. Prior disciplinary infractions alone do not constitute clear and convincing evidence.

ANNUAL NOTICES OF LEGAL RIGHTS OF PARENTS & STUDENTS

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act ("FERPA"), a federal law, gives parents and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- **The right to inspect and review your child's education records within forty-five (45) days of the day the school receives a request for access.** You should submit to the school principal a written request that identifies the record(s) you wish to inspect. The principal will make arrangements for access and notify you of the time and place where the records may be inspected.
- **The right to request an amendment of your child's education records that you believe are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.** You should write to the school principal, clearly identify the part of the record you want changed and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify you of the decision and advise you of your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when you are notified of the right to a hearing.
- **The right to consent to disclosures of personally identifiable information (PII) contained in your child's education records.** FERPA requires that the school obtain your written consent prior to the disclosure of any such information with certain exceptions. One exception, which permits disclosure without consent, is disclosure to school officials who need the records in order to fulfill a professional responsibility to the school district. A school official is (i) a person employed by the school as an administrator, supervisor, instructor, certified staff member, or support staff member, (ii) a school board member; (iii) a contractor, consultant, volunteer, or other party who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records and is subject to FERPA requirements governing the use and re-disclosure of PII from education records, including but not limited to, an attorney, auditor, cloud storage provider, consultant, expert witness, hearing officer, law enforcement unit, investigator, insurer/insurance company adjuster, investigator, or any other claims representative, medical providers or consultants, or counselors/therapists; and (iv) a person serving on a committee appointed by the school board or by the administration of the school district, such as a disciplinary or grievance committee or other review committee. For a complete list of the disclosures that elementary and secondary schools may make without parental consent, see 34 CFR § 99.37. A school may disclose PII from the education records of a student without obtaining prior written consent to:
 - Officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer;
 - Authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency (SEA) of North Carolina;
 - Financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid;
 - State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released;

- Organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction;
 - Accrediting organizations to carry out their accrediting functions;
 - Parents of an eligible student if the student is a dependent for IRS tax purposes;
 - Comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in connection with a health or safety emergency;
 - Agency caseworker or other representative of a State or local child welfare agency or tribal organization who is authorized to access a student’s case plan when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student in foster care placement;
 - The Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs.
- **Pitt County Schools may also disclose directory information about your child without your consent unless you notify your child’s school in writing that you do not want such information disclosed.** Pitt County Schools has designated the following information as directory information:

Student’s Name	Degrees, honors & awards received
Address	Date & Place of Birth
Telephone Listing	Electronic Mail (Email) Address
Photograph	Participation in officially recognized activities & sports
Major field of study	Weight & height of members of athletic teams
Grade Level	Dates of attendance
Most recent educational agency/institution attended	Enrollment status

- The primary purpose of directory information is to allow the school to include this type of information from your child’s education records in certain school publications such as 1 yearbooks, web pages, honor roll or other recognition lists, graduation programs, and sports activity sheets, which may include the weight and height of team members. Directory information may also be disclosed to outside organizations without your prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.
- Under federal law, we are required to provide military recruiters and institutions of higher education, upon their request, with the names, addresses and telephone numbers of high school students unless the student or parent has advised the school that they do not want such information disclosed without their prior written consent.
- If you are a parent or eligible student and do not want Pitt County Schools to disclose (1) some or all of the directory information listed above to all or certain recipients without your prior written consent or (2) do not want Pitt County Schools to disclose a student name, address, and telephone number to military recruiters, you must notify the principal of the student’s school in writing within fifteen school days of the start of the school year (or by the fifteenth school day after enrollment if a student enters after the start of the academic year). If you have students in more than one school, you must notify the principal of each school that your children attend. **A written notification that you wish to opt out is perpetual and can only be rescinded in writing. An opt-out may be given in the form of (1) your own letter to the principal of the school that you or your student attends OR (2) completing an opt-out form that can be accessed on the Pitt County Schools’ website under Parents & Students > Directory Information or by request to your school for a paper copy.**

- Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to you, 34 CFR § 99.32 of the FERPA regulations requires the school to record the disclosure. **You have a right to inspect and review the record of disclosures.**
- **The right to file a complaint with the U.S. Department of Education concerning alleged failures of the School District to comply with the requirements of FERPA.** The name and address of the office that administers FERPA is the Student Privacy Policy Office; U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-8520.

SECTION 504 PLANS

Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prohibit discrimination against any individual on the basis of a disability. Any person who has a physical or mental impairment which substantially limits one or more major life activities; has a record of such an impairment; or is regarded as having such an impairment may qualify for a 504 Plan. A disability is a physical or mental impairment that substantially limits one or more major life activities such as performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. If a student has a medical condition or other physical or mental impairment that creates a substantial limitation on a major life activity, he/she may be eligible for accommodations and/or modifications to allow for equal access to the educational environment. For more information, please call or set up an appointment with the Section 504 contact at your child's school. The Section 504 Coordinator for Pitt County Schools is Karen Harrington, Director of Student Services, who can be contacted at 1717 West Fifth Street, Greenville, NC 27834 or by phone at (252) 695-7925.

STUDENT RESTRAINT/SECLUSION/ISOLATION

The Pitt County Board of Education has adopted Policy 4302-P, as required by Section 115C-391.1 of the North Carolina General Statutes. Board Policy 4302-P and Section 115C-391.1 of the North Carolina General Statutes are provided below.

Board Policy 4302-P

The following rules will govern the use of seclusion and restraint by school personnel. As used in this procedure, "school personnel" means employees of the board and any persons working on school grounds or at a school function under a contract or written agreement with the public school system or for another agency to provide educational or related services to students.

A. PHYSICAL RESTRAINT

Physical restraint means the use of physical force to restrict the free movement of all or a part of a student's body.

Physical restraint will be considered to be a reasonable use of force when used in the following circumstances:

1. as reasonably needed to obtain possession of weapons or other dangerous objects on the person or within the control of a student;
2. as reasonably needed to maintain order or to prevent or break up a fight;
3. as reasonably needed for self-defense;
4. as reasonably needed to ensure the safety of any student, employee, volunteer, or other person present;
5. as reasonably needed to teach a skill, to calm or comfort a student, or to prevent self-injurious behavior;
6. as reasonably needed to escort a student safely from one area to another;
7. if used as provided for in an IEP, Section 504, or behavior intervention plan; or
8. as reasonably needed to prevent imminent destruction to school or another person's property.

Except as set forth above, physical restraint of students will not be considered a reasonable use of force, and its use is prohibited. In addition, physical restraint will not be considered a reasonable use of force when used solely as a disciplinary consequence.

B. MECHANICAL RESTRAINT

Mechanical restraint means the use of any device or material attached or adjacent to a student's body that restricts freedom of movement or normal access to any portion of the student's body and that the student cannot easily remove.

Mechanical restraint of a student by school personnel is permissible only in the following circumstances:

1. when properly used as an assistive technology device included in the student's IEP, Section 504, or behavior intervention plan or as otherwise prescribed by a medical or related service provider;
2. when using seat belts or other safety restraints to secure a student during transportation;
3. as reasonably needed to obtain possession of weapons or other dangerous objects on the person or within the control of a student;
4. as reasonably needed for self-defense;
5. as reasonably needed to ensure the safety of any student, employee, volunteer, or other person.

Except as set forth above, mechanical restraint, including the tying down, taping or strapping down of a student, will not be considered to be a reasonable use of force, and its use is prohibited.

C. SECLUSION

Seclusion means the confinement of a student alone in an enclosed space from which the student is (a) physically prevented from leaving or (b) incapable of leaving due to physical or intellectual capacity.

Seclusion of a student by school personnel may be used in the following circumstances:

1. as reasonably needed to respond to a person in control of a weapon or other dangerous object;
2. as reasonably needed to maintain order or prevent or break up a fight;
3. as reasonably needed for self-defense;
4. as reasonably needed when a student's behavior poses a threat of imminent physical harm to self or others or imminent substantial destruction of school or another person's property; or
5. when used as specified in the student's IEP, Section 504, or behavior intervention plan; and
 - a. the student is constantly monitored by an adult in close proximity who is able to see and hear the student at all times;
 - b. the student is released from seclusion upon cessation of the behaviors that led to the seclusion or as otherwise specified in the student's IEP, Section 504, or behavior intervention plan;
 - c. the confining space has been approved for such use by the local education agency;
 - d. the space is appropriately lighted, ventilated, and heated or cooled; and
 - e. the space is free from objects that unreasonably expose the student or others to harm.

Except as set forth above, the use of seclusion is not considered to be reasonable force, and its use is prohibited. In addition, seclusion will not be considered a reasonable use of force when used solely as a disciplinary consequence.

D. ISOLATION

Isolation means a behavior management technique in which a student is placed alone in an enclosed space from which the student is not prevented from leaving.

Isolation is permitted as a behavior management technique provided that:

1. the isolation space is appropriately lighted, ventilated and heated or cooled;
2. the duration of the isolation is reasonable in light of the purpose for the isolation;
3. the student is reasonably monitored; and
4. the isolation space is free from objects that unreasonably expose the student or others to harm.

E. TIME-OUT

Time-out means a behavior management technique in which a student is separated from other students for a limited period of time in a monitored setting. Teachers are authorized to use time-out to regulate behavior within their classrooms.

F. AVERSIVE PROCEDURES

Aversive procedure means a systematic physical or sensory intervention program for modifying the behavior of a student with a disability that causes or reasonably may be expected to cause one or more of the following:

1. significant physical harm, such as tissue damage, physical illness, or death;
2. serious and foreseeable long-term psychological impairment;
3. obvious repulsion on the part of observers who cannot reconcile such extreme procedures with acceptable standard practice, for example:
 - a. electric shock applied to the body;
 - b. extremely loud auditory stimuli;
 - c. forcible introduction of foul substances to the mouth, eyes, ears, nose, or skin;
 - d. placement in a tub of cold water or shower;
 - e. slapping, pinching, hitting, or pulling hair;
 - f. blindfolding or other forms of visual blocking;
 - g. unreasonable withholding of meals;
 - h. eating one's own vomit; or
 - i. denial of reasonable access to toileting facilities.

The use of aversive procedures in public schools is prohibited.

G. NOTICE, REPORTING, AND DOCUMENTATION

1. School staff will promptly notify the principal or designee of any of the following:
 - a. any use of aversive procedures;
 - b. any prohibited use of mechanical restraint;
 - c. any use of physical restraint resulting in observable physical injury to a student;
 - d. any prohibited use of seclusion; or
 - e. any seclusion exceeding 10 minutes or beyond the amount of time specified on a student's behavior intervention plan.

2. Notice to Parents

When a principal or designee has personal or actual knowledge of any of the events listed above, he or she shall promptly notify the student's parent or guardian and shall provide the name of the school employee whom the parent or guardian may contact regarding the incident.

3. Written Report to Parents

Within a reasonable period of time not to exceed 30 days after the incident, the principal or designee shall also provide the parent or guardian with a written incident report. This report must include the following:

- a. the date, time of day, location, duration, and description of the incident and interventions;
- b. the events or events that led up to the incident;
- c. the nature and extent of any injury to the student; and
- d. the name of a school employee the parent or guardian can contact regarding the incident.

4. Reporting to State Board

The Board will maintain a record of incidents reported under the procedure described above and will provide this information annually to the State Board of Education.

5. Non-Retaliation for Reporting

An employee making a report alleging a prohibited use of physical or mechanical restraint, seclusion, or aversive procedure will NOT be discharged, threatened, or retaliated against through compensation, terms, conditions, location, or privilege of employment by any local board of education or any employee unless the employee knew or should have known that the report was false.

Our goal is to provide early intervention to struggling learners.

Federal guidelines require that school districts provide a process by which parents may request the qualifications of their child's teacher, if their child's school receives funding through Title I. As a parent of a student in a Title I school, you have the right to request and obtain the following information:

- Whether the student's teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Whether the student's teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;
- Whether the teacher is teaching in a field or discipline of the certification of the teacher;
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

In addition, if a child is assigned to or taught by a teacher who is not “highly qualified” for four or more consecutive weeks, the parents must receive a timely notice. Requests for information about a teacher’s qualifications may be directed to Pitt County Schools’ Department of Human Resources (252-830-4242).

FREE OR REDUCED SCHOOL LUNCH

A free or reduced lunch application form, or instructions on how to access the application on-line, will be sent home with your child at the beginning of the school year. Please complete the form and return it to your child's teacher. You will be notified if your child(ren) qualifies for free or reduced meal prices. All information is strictly confidential. For more information on participation in the Free or Reduced School Lunch program or questions about breakfast and summer lunch programs, please see Pitt County Board of Education Policy 6225 and please contact Pitt County Schools School Nutrition Department (252-830-4226).

Parents who wish to receive notification of non-exempt pesticide use or a pre-notice list of chemicals used on school grounds, should notify the principal of their student’s school.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA)

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) as part of the Toxic Substance Control Act. AHERA requires schools to “ensure that workers and building occupants, or their legal guardians, are informed at least once each school year about inspections, response actions and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress as well as the availability of the AHERA Management Plan[s] for public review.” 40 CFR Section 763.84(c).

Asbestos is a naturally occurring mineral and has been used in building materials for many years. Unless it is disturbed or damaged, it poses no health risk. As required by AHERA, Pitt County Schools facilities have been inspected to identify the type, quantity and location of asbestos containing materials (ACM), if any, in each facility. Whether or not a facility contains ACM, an AHERA Management Plan has been developed for each Pitt County Schools facility.

Each facility’s AHERA Management plan contains documents of the initial AHERA inspection, 6-month periodic surveillances, triennial re-inspection reports, employee training, and operations and maintenance procedures. If you have questions regarding an AHERA Management plan or would like to access a copy of a plan, you may contact Mike Whitford, Safety Coordinator, at (252) 753-2313. Copies of AHERA Management plans are also available online at <https://www.pitt.k12.nc.us/Page/5172>.

INFLUENZA, HPV, MENINGOCOCCAL MENINGITIS, CERVICAL CANCER, CERVICAL DYSPLASIA & AVAILABLE VACCINES

Sections 115C-375.4 and 115C-47(51) of the North Carolina General Statutes mandate that schools provide parents with information about meningitis, influenza, HPV, cervical cancer, cervical dysplasia and their vaccines at the beginning of every school year.

Influenza: Influenza, commonly called “the flu,” is a respiratory illness caused by influenza viruses and can be easily spread to others. Symptoms of the flu include fever, headache, extreme tiredness, dry cough, sore throat, runny or stuffy nose and muscle aches. Other symptoms, such as nausea, vomiting and diarrhea are much more common among children than adults.

There is a vaccine that prevents the flu. It is recommended because flu can lead to other serious illnesses and even death in young children, older adults and vulnerable people of all ages. The ideal time to obtain a flu shot is in the fall. Good health habits such as frequent hand washing, avoiding close contact with people who are sick and covering your mouth and nose with a tissue when coughing or sneezing may also help prevent the spread of illnesses like the flu.

Meningococcal Meningitis: Meningococcal Meningitis is a form of bacterial meningitis that is a rare, but potentially fatal infection that can cause severe swelling of the fluid around the brain and spinal cord. The disease is spread from person to person through the air or by contact with saliva, usually through close, personal contact with an infected person. Symptoms progress rapidly and may resemble flu. Those can include fever, headache, stiff neck, nausea, vomiting, confusion, sleepiness and sensitivity to light. Some people may also develop a rash, mainly on their arms and legs.

A safe and effective vaccine is available to protect against four of the five most common types of meningitis. Studies have shown that certain college students are especially at risk and that a high percentage of cases in college students can be prevented with the vaccination.

Human Papillomavirus: Human Papillomavirus (HPV) is a common virus that is spread to another person by skin-to-skin contact in the genital area. Many people get HPV and do not have symptoms but can spread the virus to others. HPV is most common in young women and men who are in their late teens and early 20’s. Some types of HPV can infect a woman’s cervix and can cause cervical dysplasia which leads to cancer over time if not treated.

The only sure protection against HPV infection is lifelong abstinence or a monogamous relationship with an uninfected partner. However, a new vaccine can now protect females and males (ages 9 to 26) from four major types of HPV, which can lead to cervical cancer and genital warts. The vaccine is given as a series of three shots over six months and is recommended for all 11- and 12-year-old girls and boys and all males and females 13-26 years of age who did not receive it when they were younger.

Cervical Cancer and Cervical Dysplasia: Information on these diseases and their vaccines can be found at www.cdc.gov/vaccines/vpd-vac. Those without internet access may contact a school nurse or the Pitt County Health Department for more information.

Talk with your family physician or the Pitt County Department of Public Health for additional information about these illnesses and the available vaccines. Other resources include:

NORTH CAROLINA SAFE SURRENDER LAW

Section 115C-47(52) of the North Carolina General Statutes requires that students in grades 9-12 receive information annually on the manner in which a parent may lawfully abandon a newborn baby with a responsible person in accordance with Section 7B-500 of the North Carolina General Statutes.

Safe Haven Law: A parent of a newborn baby, up to 7 days old, can leave their unharmed baby with anyone on duty at a hospital, health department, or community health clinic under North Carolina's Safe Haven Law. The parent can also leave the baby with an on-duty law enforcement officer (sheriff or police), social services worker or certified EMS worker (fire station or emergency services station). The baby will get needed medical care and be placed for adoption. The parent can remain anonymous (does not have to give name or other information). The purpose of the law is to save babies and protect parents who do not know how to cope with a new baby.

SCHOOL ANNUAL REPORT CARD GRADE

Pursuant to N.C.G.S. § 115C-47(58), you will be notified of the most recent grade of the school your child is attending, as issued by the State Board of Education, if the school received a grade of "D" or "F".
