

Academic Services:

Division of Data, Research, and Accountability

January 20, 2025

ATTENTION PARENTS:

Due to the implementation of new state-administered tests, test scores will be delayed for the following state test:

- EOC Biology

The priority when implementing new tests is to ensure the results of the test scores are valid and reliable. The North Carolina Department of Public Instruction (NCDPI) will need to process the test data and complete all necessary analyses; therefore, resulting in delayed scores.

Thank you
